Interim Leadership & Programme Recovery

Senior leadership for the period the organisation cannot afford to get wrong.

Format
Full-time or near full-time

Duration
Typically three to nine months

Focus
Stabilise, deliver, hand over

Commercial basis
Day rate or monthly retainer

Sound familiar?

- The technology leader has gone, suddenly or not suddenly enough.
- The programme has stopped moving, and nobody can say exactly when that happened.
- It is moving too fast, and the thread to the business outcome has been lost.

The board needs someone in the chair this month, not in six months when the search concludes.

How it runs

Establish what is true. Stabilise. Hand over.

- **First weeks.** What is actually true: delivery state, team, supplier commitments, money.
- **Stabilise.** Decisions made, priorities cut to what matters, reporting the board can trust.
- **Hand over.** To a permanent leader hired well rather than fast.

What you receive

- An honest position in month one
- A decision log
- Suppliers held to account
- An orderly handover

What changes

Before		After
Paying for drift.	→	**Decisions made, and priorities cut to what matters.**
Reports the board can't rely on.	→	**A board that knows what it is being told is true.**
A desperate appointment.	→	**Time to make the permanent appointment well.**
A successor who inherits the problem.	→	**A successor who inherits something worth taking.**
